IRIS CITY GARDENS

1951

Vigorous Washington grown Iris are noted for their ability to produce gorgeous blooms on account of our ideal soil and climatic conditions. We guarantee that you will not be disappointed with the size and energy of our rhizomes. Walla Walla Valley with its hot, dry summers and cool winters makes it the perfect breeding ground for Iris.

This is our fourth catalog and we feel justly proud of what we have to offer this year. Our plants are making very vigorous growth and we are sure they will continue to satisfy our many customers. We GUARANTEE your satisfaction.

Reports indicate that winter injury to Iris throughout the country is heavy. This means greater demand for stock.

After July 1, we will sell all Iris at half price while they last. You pay transportation. You may order early and reserve for this sale.

Orders will be filled in rotation as received. If sold out of any variety, your money will be refunded. Please send a substitute list.

We have been growing flowers for many years, experimenting with soils, fertilizers, etc., to get the best results. We have found that we get the strongest and sturdiest plants, with less disease, by the use of compost, than by any other method.

Our flowers are larger and more vivid in coloring and appear to be more disease resistant. We shall continue to experiment in the hope of finding the ultimate in methods and results.

We guarantee healthy stock, true to name, and that it reaches you in good condition, but cannot guarantee the growth in your garden, over which we have no control. However, we want all of our customers satisfied. If for any reason you are not satisfied, please write us about it. If stock is sold out, your money will be refunded.

Terms are cash with order, check, draft, or money order. Shipments of Iris will be made from July 1st on. Hemerocallis shipped at any time desired. Discounts on Hems—Orders of \$5.-\$10., 10%; \$10.-\$20., 20%; above \$20., 35% discount.
